Projectors are XGA (1024 x 768). W indicates WXGA (1280 x 800) Wide Format.

At 3.97 pounds the Casio Super Slim™ projector won't weigh you down.

Casio Super Slim projectors take the hassle out of travel so you can be the ultimate road warrior. At just under four pounds, it's lighter than most laptops so it won't weigh you down. And at a mere 1.7" thick its thin profile will make packing for your travels a breeze... forget the extra bags, just stow it away in your briefcase.

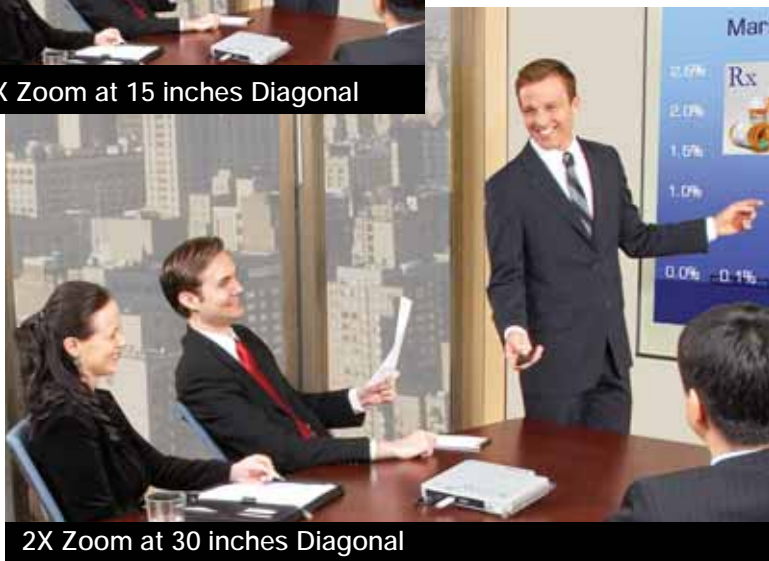

Traveling with the Casio Super Slim couldn't be easier - whether you use your laptop, or the PC free option.

2X Optical Zoom up to 300 Inches Diagonally offers the ultimate in user flexibility.

1X Zoom at 15 inches Diagonal

2X Zoom at 30 inches Diagonal

Short Throw Power Zoom and Focus Lens

Whether you are in a small office or a large boardroom the Super Slim's 2X power zoom lens gives you the flexibility to easily position the projector. Large screen projection is possible in any room and the short throw lens (1.4-2.8 throw ratio) can project an image from as close as 3' and up to 28' back. Image adjustment can be easily made from the remote control or via an RS-232 control system.

For WXGA/HDMI Model only.

WXGA

The native WXGA (1280 X 800) resolution of the Super Slim projector allows for optimal viewing of content created and formatted for today's widescreen displays. Whether it is viewing a spreadsheet or two applications side by side, the WXGA Super Slim provides more useable screen area and displays more information on the same screen. Widescreen display formats have become the standard and now your projector can match the widescreen display of Notebook PC's and HD Video sources.

HDMI

A HDMI 1.2a (High Definition Multimedia Interface) input provides a direct digital input and allows connectivity with many Widescreen Notebooks now shipping with HDMI outputs. Compatible with HD Video formats, video sources including Blu-Ray players, cable converter boxes and gaming systems can be connected to the Super Slim projector.

For USB Models only, wireless presentations and presentations without a PC!

No more wires!

You'll never have to fumble around with wires again. By using the optional YW-2L Wireless LAN adaptor with any USB enabled Super Slim projector, up to four laptops can be connected wirelessly.

Optional YW-2L

Forget the PC!

Why take a PC when you can quickly convert your presentation, copy it to your thumb drive and project it directly from our USB enabled Super Slim projectors...

Talk about traveling light! All USB enabled Super Slim projectors ship with our EZ Converter and EZ Converter Pro software. EZ Converter can transform any PowerPoint presentation in seconds! Got more work than just a PowerPoint to show off? Not a problem. EZ Converter Pro allows you to convert Excel, Word, and PDF documents. Once your files are converted, you simply add them to your USB thumb drive, plug into your USB enabled Super Slim Projector and you're off and running.

Thumb Drive is optional and sold separately.

RS-232 Control Connectivity

No more compromising. Casio's New Super Slim projectors now incorporate RS-232C control for easy system integration. The Super Slim's low profile and elegant design looks great in any Boardroom Conference or Classroom. Compatible with industry standard control systems (AMX, Crestron and Extron) the Super Slim projectors boast an available command set which includes Power On/Off, Input select and Lens Zoom and Focus.
